Attachment A enumerates the agreed-upon procedures for Claro Puerto Rico, the associated results, and any management responses obtained in relation to the exceptions identified.

Objective 1: Carrier Obligation to Offer Lifeline

Procedure 1

RSM Puerto Rico (RSM) inquired of management and obtained the carrier's policies and procedures in response to Item 4 of Appendix A of the Lifeline Biennial Audit Plan for offering Lifeline service to qualifying low-income consumers.

RSM examined the carrier's policies and procedures and compared those policies and procedures, as well as management's responses to the inquiries, to the Commission's Lifeline rules set forth in Appendix F of the Lifeline Biennial Audit Plan.

RSM noted no discrepancies between the carrier's policies and procedures, management's responses to the inquiries, and the Commission's Lifeline rules.

Finding

No exceptions noted.

Procedure 2

RSM inspected 10 examples of carrier marketing materials describing the Lifeline service (i.e., print, audio, video and web materials used to describe or enroll in the Lifeline service offering, including standard scripts used when enrolling new subscribers, application and certification forms), as provided in response to Items 4, 6 and 7 of Appendix A of the Lifeline Biennial Audit Plan.

Finding

RSM noted the inspected marketing materials contained the required information, with the exception of the following:

- One (1) marketing material omitted the disclosure related that the service is non-transferable, as required by 47 C.F.R. section 54.405 (c)(d).

There is no monetary effect associated with this finding.

Beneficiary Response

All promotional material used in the written press includes the required language requested by USAC. Currently, disclosures requires approval before submitting it for printing. Only one (1) brochure promotion did not include the disclosure that the service is non-transferable.

Procedure 3

RSM reviewed the carrier's responses to the background questionnaire regarding the carrier's policies for (1) how subscribers notify the carrier of the subscriber's intent to cancel service or give notification that she/he is no longer eligible to receive Lifeline service and (2) when de-enrollment for such notifications occurs. RSM verified that these policies are designed to (1) allow subscribers to make the notifications required by 47 C.F.R. §§ 54.410(d)(3)(ii) and (iv) and (2) prevent the carrier from claiming ineligible subscribers on the FCC Form 497 or subscribers who wish to cancel service.

RSM called the customer care numbers provided in response to Item 8 of Appendix A, as well as any customer care numbers identified in the marketing materials provided in response to Item 6 of Appendix A, or on the websites provided in response to Item 7 of Appendix A.

RSM noted that the number identified in the marketing material and the telephone number was operational. Also, noted that it involves an interactive voice response (IVR) system that automatically forwards the call to a live customer care operator.

Finding

No exceptions noted.

Procedure 4

RSM inspected applicable policies and procedures regarding de-enrollment from the program, including when the Claro Puerto Rico will de-enroll subscribers based on lack of eligibility, duplicative support, non-usage, and failure to recertify under 47 C.F.R. §54.409, as provided in response to Item 4 of Appendix A.

RSM examined and compared the carrier's policies and procedures, as well as management's responses to inquiries, to the Commission's Lifeline rules set forth in the Appendix F of the Lifeline Biennial Audit Plan.

RSM noted no discrepancies between the carrier's policies and procedures, management's responses to the inquiries, and the Commission's Lifeline rules.

Finding

No exceptions noted.

Objective 2: Consumer Qualification for Lifeline

Procedure 1

RSM inquired of management and obtained the carrier's policies and procedures in response to Item 4 of Appendix A of the Lifeline Biennial Audit Plan for limiting Lifeline support to a single subscription per household, as provided by the carrier in response to Item 4 of Appendix A of the Lifeline Biennial Audit Plan.

Objective 3: Subscriber Eligibility Determination and Certification

Procedure 1

RSM inquired the management and obtained carrier policies and procedures for ensuring that its Lifeline subscribers are eligible to receive Lifeline services as provided by the carrier in response to item 4 of Appendix A of the Lifeline Biennial Audit Plan.

- RSM inspected the Claro Puerto Rico's policies and ascertained it includes a policy that the ETC does not retain copies of subscribers' proof of income-or program based eligibility.
- RSM inspected the Claro Puerto Rico's policies and ascertained it includes a policy or procedure that Claro Puerto Rico must fully verify the eligibility of each low-income consumer prior to providing Lifeline service to that consumer, and that Claro Puerto Rico, or its agents, may not provide the consumer with an activated device intended to enable access to Lifeline service until that consumer's eligibility is fully verified and all other necessary enrollment steps have been completed.

RSM examined the policies and procedure and compared management responses and carrier policies and procedures with the Commission's Lifeline rules set forth in sections 54.410 of Appendix F of the Lifeline Biennial Audit Plan for offering Lifeline service to qualifying low-income consumers.

Finding

RSM noted that Claro Puerto Rico's policies and procedures did not contain an element establishing that telecommunication carrier must not retain copies of the documentation of a prospective subscriber's income-based eligibility for Lifeline, as required by 47 C.F.R. § 54.410.

Finding

No exceptions noted.
